(1) *Inshell filberts.* All inshell filberts shall be of a quality equal to or better than the requirements of U.S. No. 1 grade and medium size as defined in the U.S. Standards for Filberts in the Shell (7 CFR part 51), except that the tolerance for insect injury shall be two percent. With this modification, the U.S. No. 1 grade, medium size is identical to the Oregon No. 1 grade, medium size (as defined in the Oregon Grade Standards Filberts in Shell) and prescribed for inshell filberts under Order No. 982, as amended.

Whenever filberts are offered for inspection, the applicant shall furnish any labor and pay any costs incurred in moving and opening containers as may be necessary for proper sampling and inspection. The applicant shall also furnish the USDA inspector the entry number and such other identifying information for each lot as he may request. Inspection must be completed prior to the importation of filberts. The applicant should make advance arrangements with the USDA inspection office to avoid delay in scheduling the inspection.

(e) *Reconditioning prior to importation.* Nothing contained in this section shall be deemed to preclude reconditioning filberts prior to importation, in order that such filberts may be made eligible to meet the applicable grade and size regulations prescribed in paragraph (b) of this section.

(f) *Other restrictions.* The provisions of this section do not supersede the Federal Plant Quarantine Act of 1912, the Federal Food, Drug, and Cosmetic Act, or any other applicable laws or regulations or the need to comply with applicable food and sanitary regulations of city, county, State or Federal agencies.

(g) *Compliance.* Any person who violates any provision of this section shall

False representations to any agency of the United States on any matter within its jurisdiction, knowing it to be false, is a violation of 18 U.S.C. 1001 which provides for a fine or imprisonment or both.

- (1) Well dried and clean;
- (2) Free from foreign material, mold, rancidity, decay or insect injury; and
